

Fostering ocean stewardship and supporting regional planning, by mobilizing tools, sharing knowledge, and building community.

### Our Vision

is to bring communities together to achieve positive outcomes for current and future generations of life in Átl'ka7tsem/Howe Sound.

## Deliverables

Narrative  
Reports

Marine  
Reference  
Guide

Community  
Map

Aquatic  
Indicator  
Report

Dungeness  
Crab

Plankton

Forage  
Fish

Eelgrass

Marine  
Debris

**Research  
&  
Monitoring**

**Decision  
Support  
Tools**

**Education  
&  
Engagement**

Curriculum

Citizen  
Science

Committees

Community  
Events

### Outcomes

A healthy marine environment,  
informed decision-making and marine  
planning, and strengthened  
community relationships.

### Guiding Principles

Ecosystem and Watershed Approach; Adaptive; Community-based; Two-eyed Seeing; Reconciliation; Reciprocity; Respect; Trust and Inclusivity; Transparency; Shared Responsibility; Information to Action
